

Seedlings visits are an opportunity for all 4 year old children to come and experience some of the fun activities we provide at Howlong Public School.

Educational research has proven that when children and most importantly families feel comfortable and aware of all the exciting educational experiences a school can offer the transition between the pre-school, childcare or home is more successful.

Our goal at Howlong Public School is to create warm, friendly and positive connections with our families and our local early childhood providers.

Through running the Seedlings program families will have 8 opportunities in Term 3 to visit Howlong Public School.
